Estimation - Story Points

Legend:

Size	XS	S	M	L
Points	1	2	3	5

1:

- No unknowns
- Low to medium volume (of change)
- Automated tests (regression)
- No design elements
- Examples:

Story	Description	Link
TRAVL-10683	easyJet - Exclude partner IP's from billing	🔖 **TRAVL-10683** - easyJet - Exclude partner IP's from billing ARCHIVED
TRAVL-10682	easyJet - Set up and test SFTP access	🔖 **TRAVL-10682** - easyJet - Set up and test SFTP access ARCHIVED

2:

- Low impacts unknowns
- Low to medium volume (of change)
- Low manual and/or automated (regression)
- No design elements
- Examples:

Story	Description	Link
TRAVL-10551	easyJet - Implement Request Lambda	🔖 **TRAVL-10551** - easyJet - Implement Request Lambda DONE

3:

- Medium impact unknowns
- Medium volume (of change)
- High manual and/or low automation coverage (new tests)
- Design elements
- Some dependencies on other applications
- Examples:

Story	Description	Link
TRAVL-10556	easyJet - Implement Response Lambda	🔖 **TRAVL-10556** - easyJet - Implement Response Lambda ARCHIVED

5:

- High unknowns
- Medium to high volumes (of change)
- Complex automation and/or high manual
- Complex design elements
- Medium to high dependencies on other applications
- Examples:
